

Galactic bulge, observtn (1, 9) w martha2 flux calib, stray light scaled x1.0

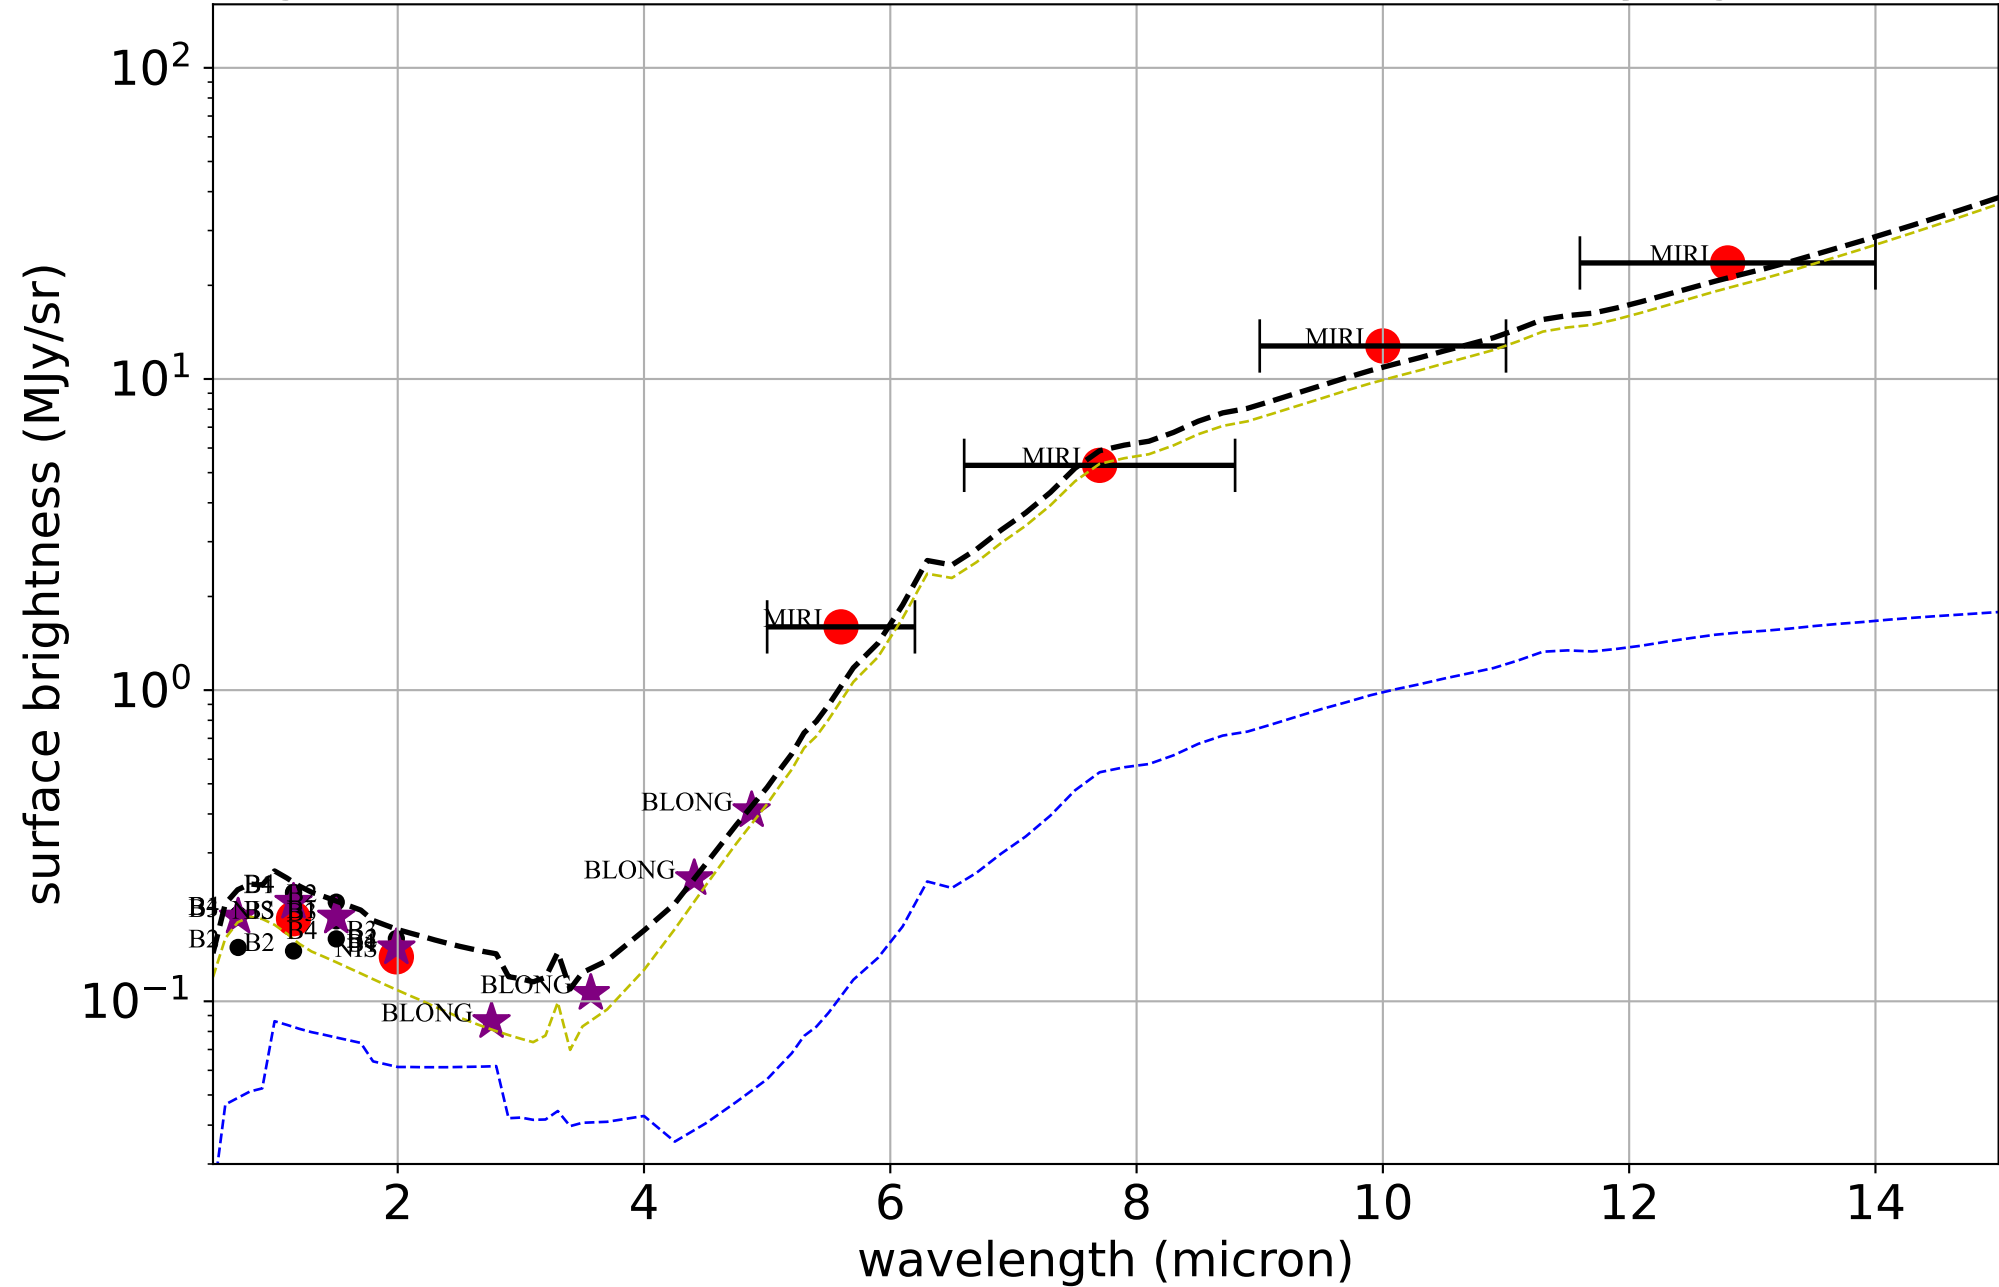

Low bkg 1, observtn (2, 12) w martha2 flux calib, stray light scaled x1.0

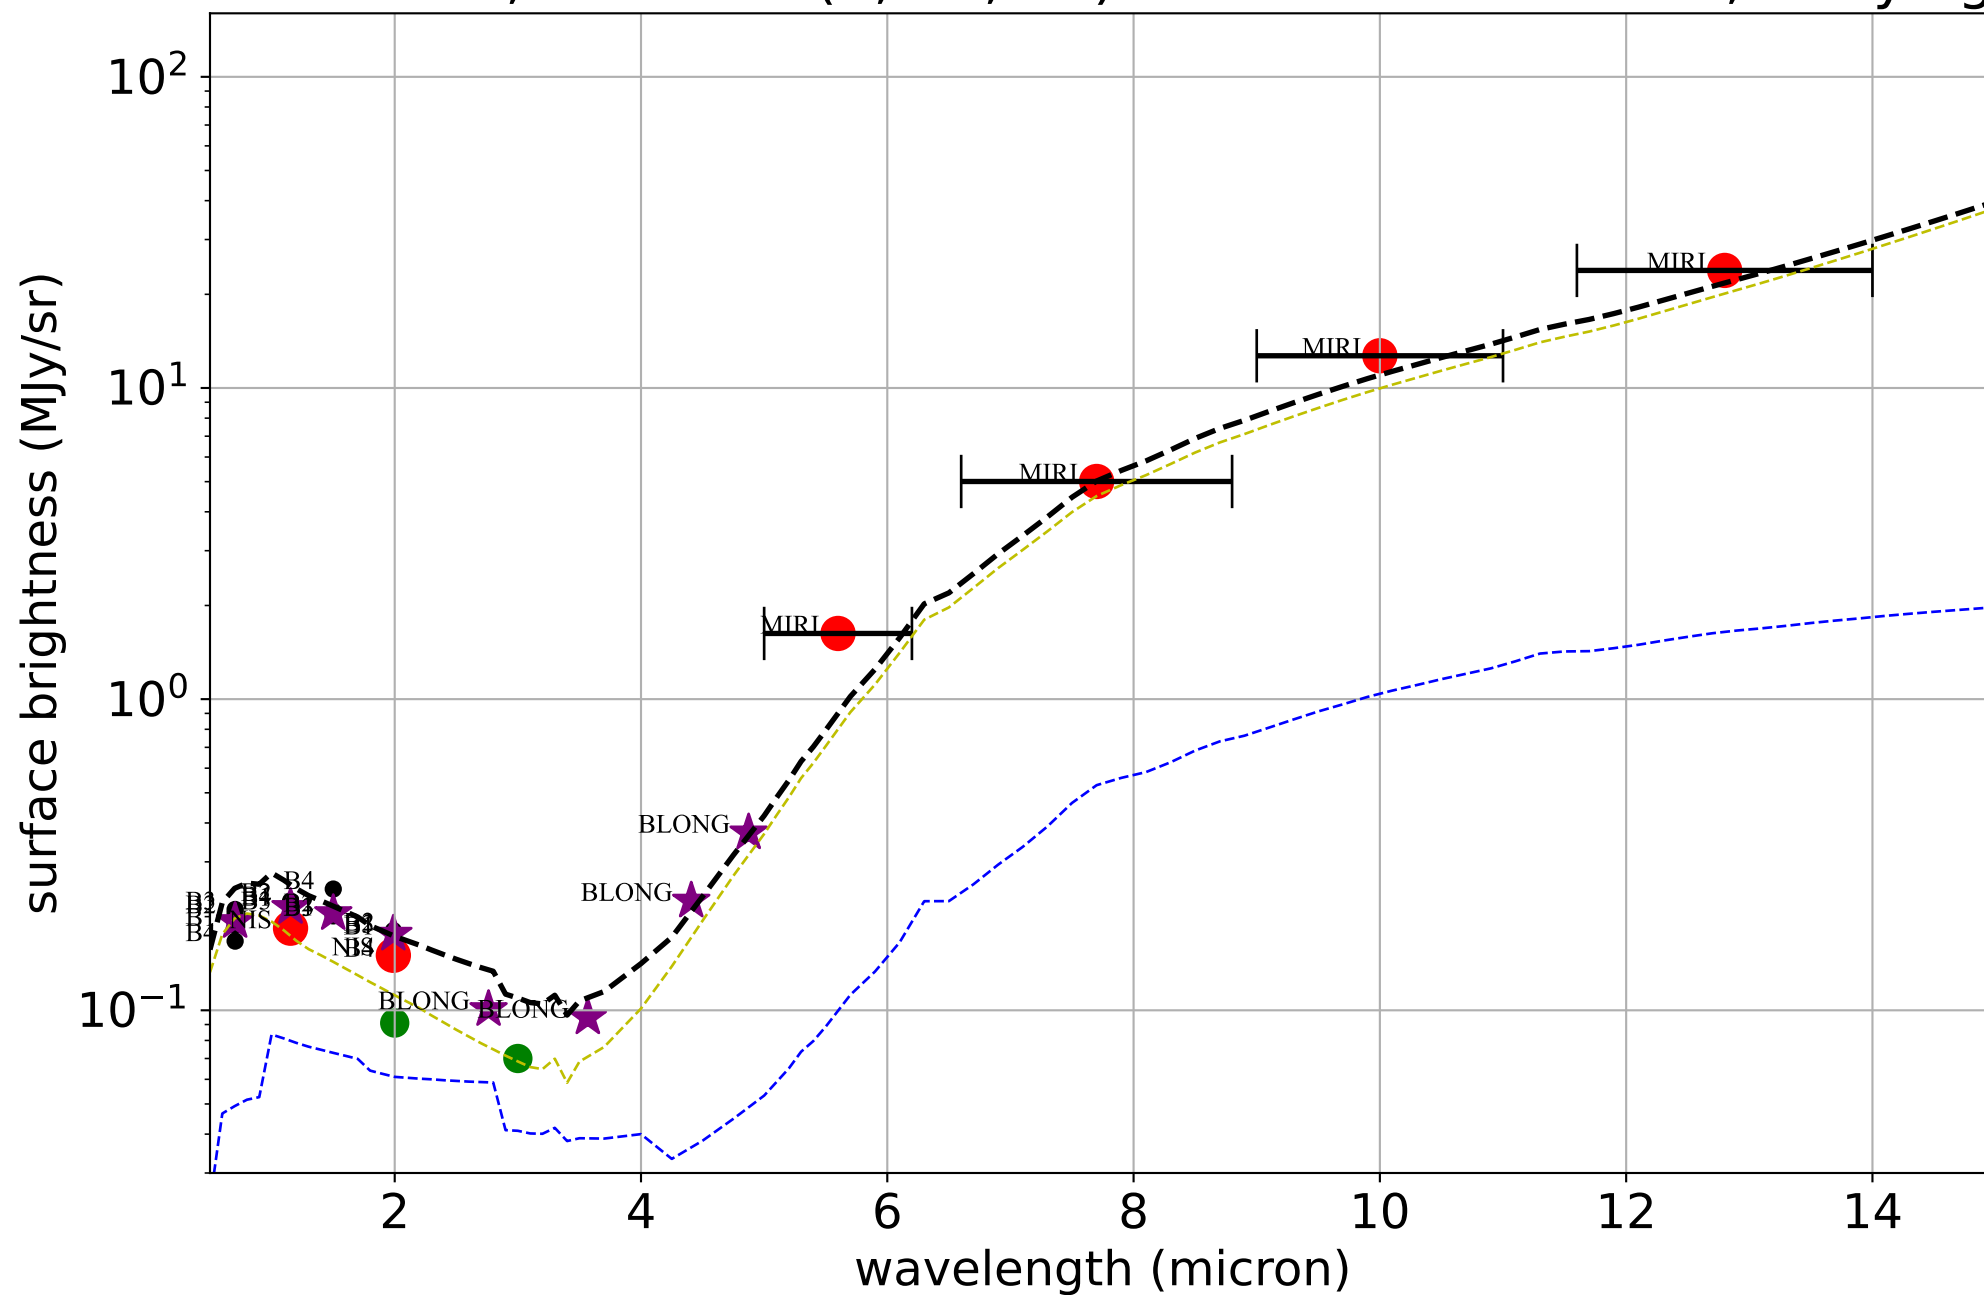

LB2-EGS-N, observtn (3, 13) w martha2 flux calib, stray light scaled x1.0

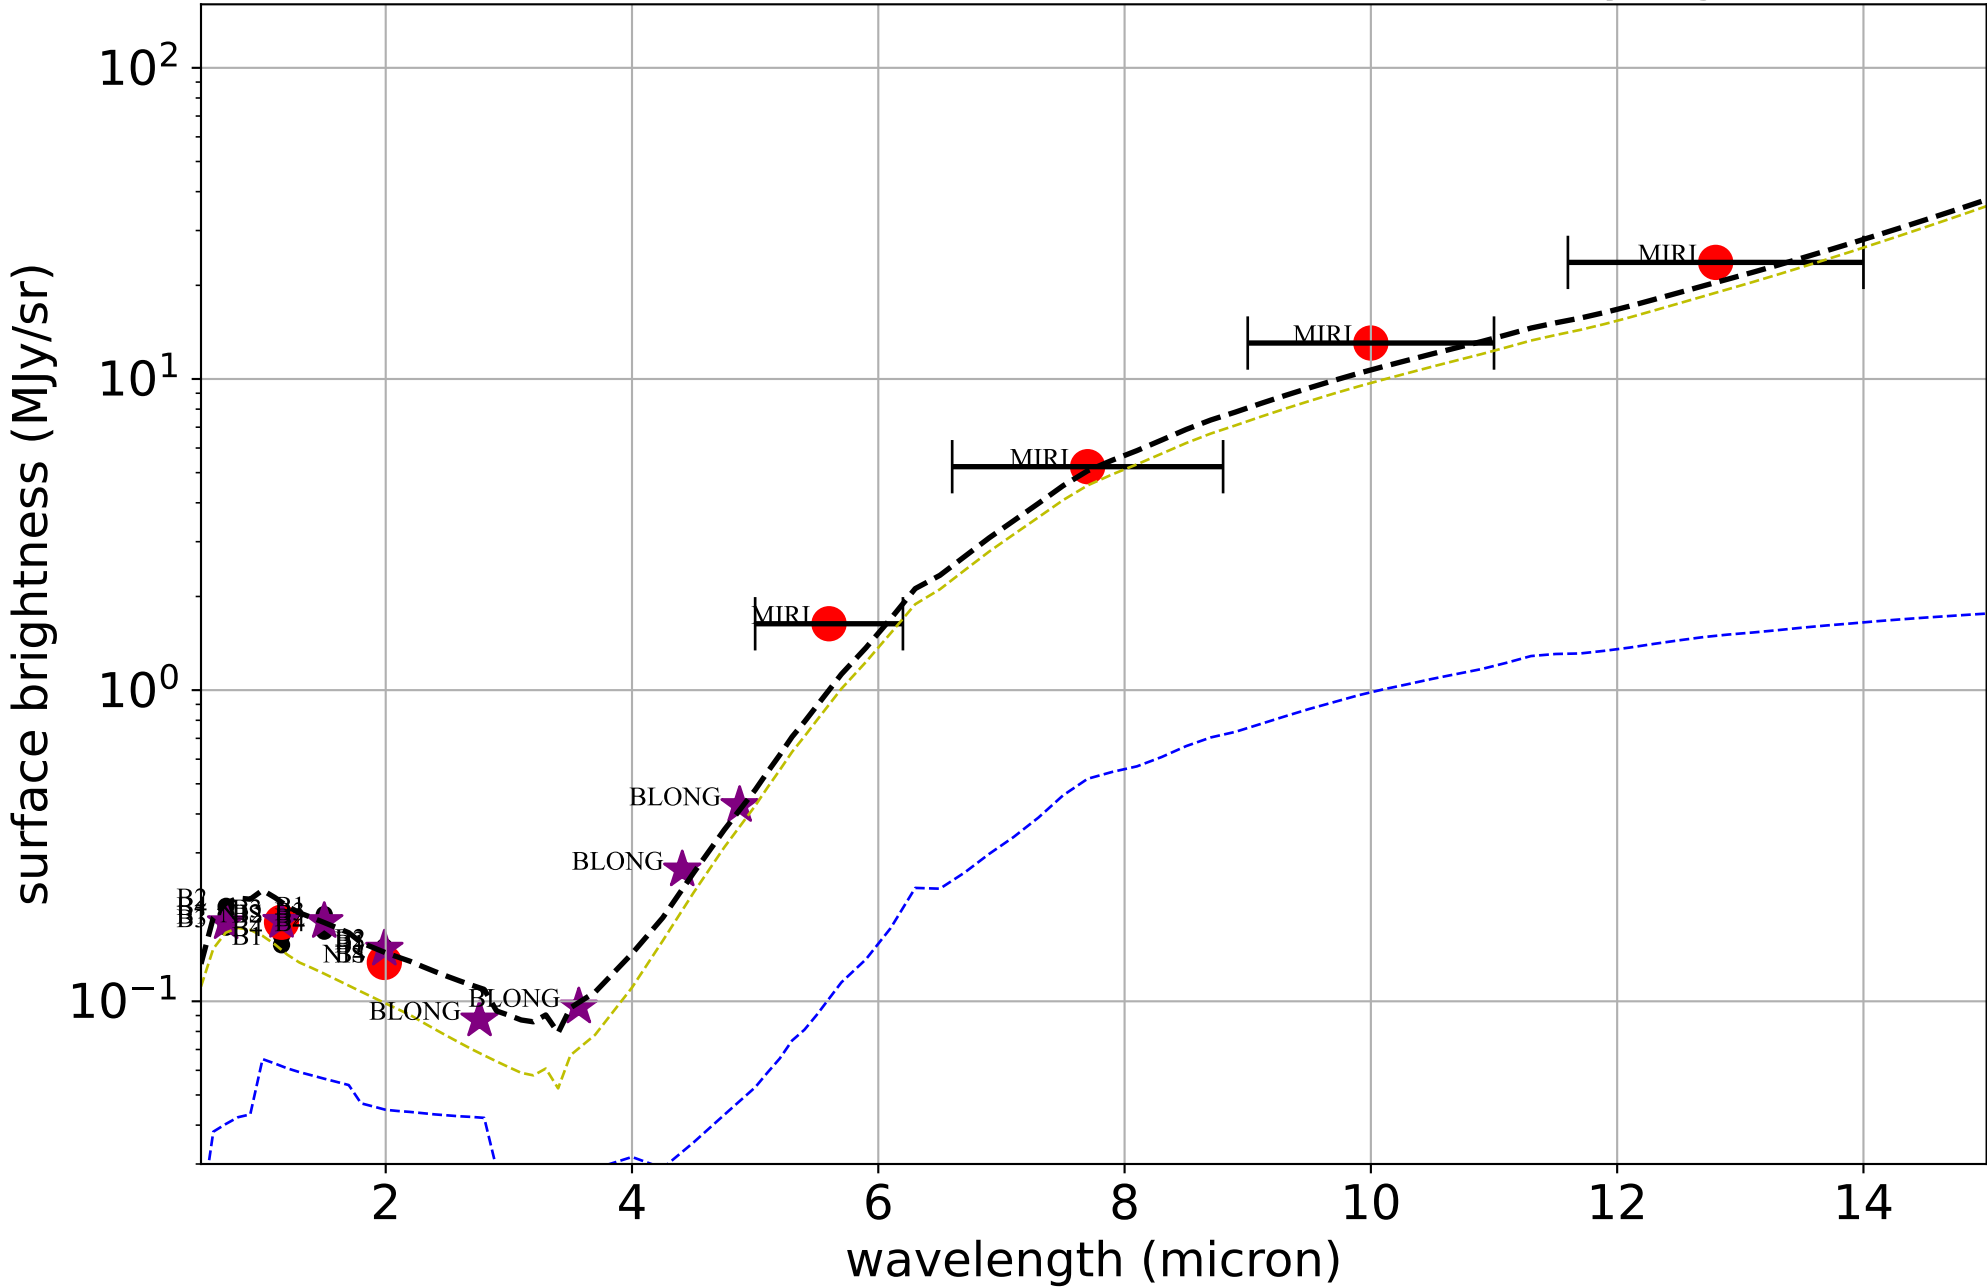

Low bkg 3, observtn (4, 14) w martha2 flux calib, stray light scaled x1.0

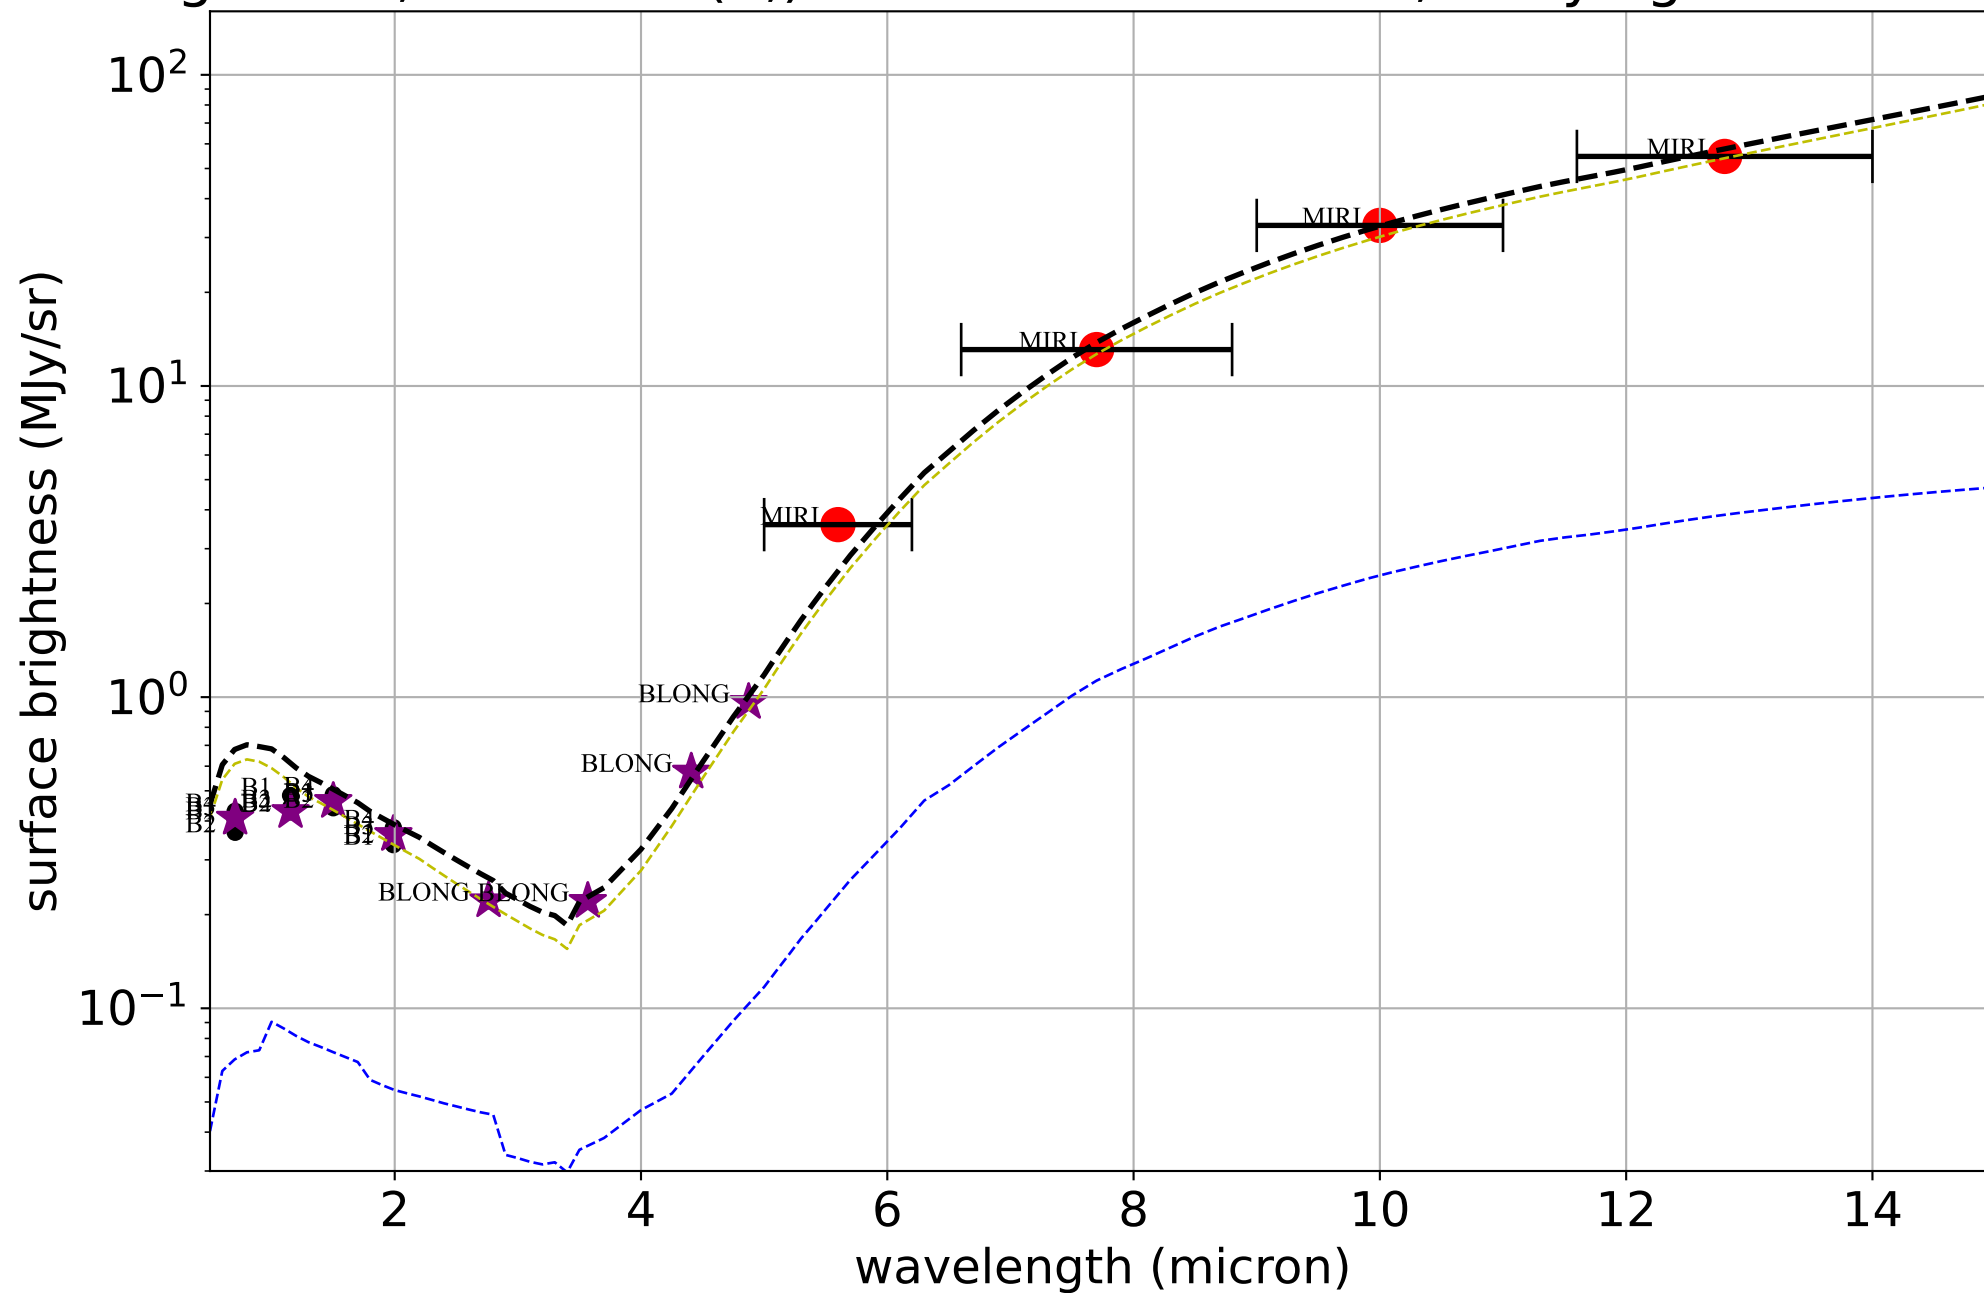

min zodi benchmark, observtn (5, 15, 11) w martha2 flux calib, stray light scale

CVZ-S, observtn (6, 16, 10) w martha2 flux calib, stray light scaled x1.0

High Zodi, observtn (7,) w martha2 flux calib, stray light scaled x1.0

Moderate bkg, observtn (8,) w martha2 flux calib, stray light scaled x1.0
